EDUCATION

Bennett University

Bachelor of Technology in Computer Science and Engineering

Aug 2023 - Aug 2027

CGPA: 6.9/10.0

- Relevant courses: Data Structures and Algorithms(C++), Machine Learning with AI, My SQL.

MB International School

Feb 2020 - Mar 2022

Class XII: 75%

Emmanuel English School

Feb 2010 - Mar 2020

Class X: 80%

PROJECTS

1. GenomBridge AI - Genetic Disease Risk Prediction System

Built a bioinformatics + machine learning system to process GWAS data, generate polygenic risk features, and predict genetic disease risk using Python, scikit-learn and Gradient Boosting.

2. Frontend To-Do List Application

Developed a React.js to-do list app with dark/light theme toggle, localStorage persistence, and optimized UI using CSS and JavaScript.

3. AI Interior Designer

Developed a Generative AI-based interior design tool that creates customized room designs using user input and diffusion models.

Implemented scene classification, image generation, and preprocessing using Python and deep learning.

TECHNICAL SKILLS

- Languages: C++, Python, HTML, CSS, Java Script, React.js.
- Frontend Developer skilled in HTML, CSS, Java Script and React.js with Redux.
- Machine Learning and Artificial Intelligence, also skilled in Generative AI and its models, LLMs and AI tools like Claude, Chat GPT, Anti-Gravity, Copilot.

Certifications

- 1.Introduction to TensorFlow for Artificial Intelligence, Machine Learning, and Deep Learning
 - 2.Machine Learning: Classification
 - 3.Data Structures
-

ACHIEVEMENTS

- Runner Up of the event (Chronicles of Codenia) organized internally by Bennett University
 - Participated in the Adobe Hackathon
 - Solved 100+ leetcode questions.
-

ADDITIONAL INFORMATION

- **Social engagement:** Gym, Badminton, Basketball, Chess, Cricket
- **Awards/Activities:** Runner up of the event (Chronicles of Codenia) organized internally by Bennett University.
